

Alaska Refrigerators

Are the ice savers—They are food preservers.

THE ALASKA THEORY.

The Alaska, by its perfect system of warm and cold air flues, allows nature's principles—that warm air rises and cold air falls—to work in a more perfect manner than any other refrigerator built. The air circulates in the direction represented by arrows.

ALASKA CIRCULATION.

The ice rests on a corrugated galvanized iron rack, which is so constructed as to leave an air passage under the iron. The warm air in the provision chamber rises through the flues at each end of the ice chamber, comes in contact with the ice at the central opening in the lid flue, becomes colder and drops under the ice rack, where all moisture is condensed, and falls through the central opening under the ice into the provision chamber, cold and dry. No other system keeps the air so long in contact with the ice as the ALASKA does, consequently the ALASKA does its work more thoroughly than any other refrigerator.

ALASKA refrigerators and ice boxes have been on the market for 40 years.

OF LOCAL INTEREST

LEFT FOR CALIFORNIA.—Ben Butler left Tuesday night for northern California on a business trip to be gone several weeks.

CATTLE SHAVEN.—Ten cars of cattle were received here yesterday over the P. and E. from Winkelman, about 400 head of feedings being in the shipment.

FIRE AT COCHRAN.—A small fire at Cochran on the Phoenix and Eastern Sunday consumed the houses occupied by the laborers on the section. The monetary loss was not large but the inconvenience will be considerable in view of the fact that it is only a station and houses are very scarce.

THE CRITTENTON HOME.—The annual election of officers for the Crittenton Home board will be held tonight in the parlor of the First M. E. church at 7:30 p. m. It is necessary to elect a president, vice president, secretary and treasurer, and every one should be interested in this election and attend this meeting.

A SMALL FIRE.—The fire department answered a call yesterday afternoon to the corner of Washington and Eighth avenue. The blaze was in a small cottage on the northwest corner and was caused by a little child who was playing with a match in a bath room. A few buckets of water was sufficient to extinguish the fire and neither the house or the chemical was called into service.

CROP WILL BE LARGER.—A. S. Frankenburg of Tempe, who was in the city yesterday, reports that the indications are that the cantaloupe crop on the southside will be larger this year than last. It is figured that there will be about 500 car loads from Mesa and about sixty from Tempe. Last year there were shipped from the southside section approximately 185 cars. Two heavy rains in the summer were partially responsible for the falling off in the amount which was anticipated in the beginning of the season. Melon growers are now making active preparations for the handling of the crop for the coming months.

MISSIONARY SOCIETY.—The Ladies of the Woman's Baptist Home and Foreign Missionary Society most cordially invite all the friends to meet with them in the lecture room of the Baptist church next Friday at 2:30 p. m. The literary program will be short and interesting and presenting the last chapter in the Home Mission text book for discussion. At the close of this meeting the society will adjourn for the summer and refreshments and a social hour will close the afternoon.

LOOP ABOUT COMPLETE.—Superintendent Scott of the M. and P. reported yesterday that the loop which is being built, connecting the M. and P. tracks and the Phoenix and Eastern tracks in Mesa, will be finished by the end of the week and that trains will be running over it on Monday. The road will soon be able to boast of a hitherto track as is now done in California. There will be only one depot maintained in Mesa and the evening train will go over the M. and P. and return by the P. and E. The tracks are about three-quarters of a mile apart, one coming in on the south side of the city within the city limits and the other on the north. For the present the schedule of the trains will remain the same as before.

DISTRICT COURT.—Tom Johnson, who had been convicted of assault with intent to kill in shooting a Mexican at Gila Bend last spring was yesterday sentenced by Judge Kent to two years and six months in the penitentiary. Yesterday was the time fixed for passing sentence on Alberto Ariza, who had pleaded guilty to the burglary of the New York store last December, but the matter went over until tomorrow. The case of C. Garcia, who was to be tried for engaging in a shooting affair with D. C. Amos at Cave Creek a couple of months ago, was postponed until today.

NOT GUILTY BUT SAID HE WAS.—Louis Varnes who the day before had pleaded guilty in Justice Johnson's court to having voted illegally at the fourth ward election was dismissed yesterday on the payment of the costs, \$10.15. But for his plea the court said he would have been discharged without the payment of anything. From all that could be gathered there was an entire absence of criminal intent. Varnes had no right to vote in the fourth ward but it was clear that he thought he had. He had lived in the ward long enough to vote if he had lived in the city long enough. He had for several years resided just outside the eastern city limits and felt that he was to all intents and purposes a resident of the town all that time, though he had actually resided in the limits about eighteen days. The cases against Julius Johnson and Charles Cedar also charged with illegal voting were dismissed on the motion of the prosecution.

THE TWO KLEAN KIDS ARE FREE.—Carroll and Smith, the "Two Klean Kids," were turned out of the county jail yesterday and will not be prosecuted on the charge of embezzlement of a team and buggy from A. W.

The PEOPLE with the GOODS opposite Court House

Bennett, a lively man of Glendale. It was doubtful if the felony charge against them could be sustained and as they had received money from the father of Carroll, who lives at San Francisco they were able to pay off the costs which had been incurred and also to pay Mr. Bennett for the use of his team and for the trouble and expense of getting it back from Wickenburg where they had left it. Their experience was after all very costly, for it takes money to capture two men as far away as Kingman and bring them back to Phoenix. Carroll and Smith were traveling photographers and taking orders and receiving deposits for enlarging pictures, but it does not appear that any of their patrons have yet looked upon the enlarged pictures. Carroll and Smith said that their intentions were honorable until after they had been at Wickenburg for some time and had failed to secure any business there. They had no money for the payment of the bills and for getting out of the country. They accordingly decided to get out of the country and leave their bills unpaid and so the horses of Mr. Bennett were left in the corral eating their heads off.

POLICE BUSINESS.—Joe Doe, a business man who filled up on booze yesterday taken up by the police. After having imbibed freely of the essence of ferment he went home and loaded up a Winchester and a revolver. When arrested he had the revolver on his person and was charged with carrying concealed weapons. He put up \$25 bail money which he forfeited.

RELATIVES WILL ARRIVE.—Sol Lindenthal, the father of Mrs. Selma Lindenthal and the manufacturer of the L. system of clothing, will arrive in the city today for a business and a pleasure trip. Mrs. Lindenthal will accompany her father on his return to Chicago for a short visit. Mr. and Mrs. Lindenthal will spend the summer in Europe.

THE OPENING OF PICO HEIGHTS

The formal opening of Pico Heights hotel, 1216 Vermont avenue, Los Angeles, took place last Thursday evening. Many guests were entertained by Mrs. Carrie G. Jenkins. Refreshments were served. The following were present: Mrs. Ellen Corns, Miss M. Millen of Denver, Col.; Mr. and Mrs. Emmet G. Maxwell and son, Miss Mary Camp, Mrs. Mae A. Higgins, of Chicago; Mrs. Huff, Mr. and Mrs. Frank H. Tate, Mr. and Mrs. Rolt, G. Loucks, Richard Loucks, Jr., Mr. and Mrs. J. W. Woodford, Mr. and Mrs. Seymour, J. and Mrs. A. Clark, Mr. George E. Clark, Mr. and Mrs. Chas. Hansen, Mr. J. M. Best, Glendale; Miss Helen J. Best, Glendale; Mr. and Mrs. Jno. W. Kemp, Mrs. E. Turner and son, San Diego, Cal.; Mrs. E. R. Thompson, Mr. A. A. Whitney, Phoenix, Ariz.; Col. Nathan Ward Fitzgerald, Miss Hazel Clark, Calico; Miss Lucile Dool, Calico; Mr. and Mrs. Harry Deane, Mr. and Mrs. P. W. Preston, Dr. Ralph Burns and wife, Dr. Mary Burns, Miss, Dr. Juliet Burns, Mr. and Mrs. E. H. Perine, Mr. and Mrs. A. D. Gleaves, Miss Bessie Carr, Watts, Cal.; Miss Lola Bollinger, Compton; Mr. and Mrs. R. D. Enger, Mr. E. E. Carter, Mr. James G. Halle, Dr. E. D. Tutts, Mr. T. J. Boner, Miss R. E. Butler and mother, Miss Brown and Mr. Claude Moree, Brooklyn, N. Y.

WILL LEAVE FOR THE SUMMER.—Dr. J. W. Atwood will leave next week for his summer vacation. The Sunday after his departure the parish will be looked after by Bishop Kendrick. On June 7th Bertram Cocks will be ordained as assistant minister of the parish and will have charge of the work during Dr. Atwood's absence. Dr. Atwood will be a very busy man for several Sundays. He has received requests from a number of cities to fill the pulpit. On May 31 he will preach in Cincinnati, on the following Sunday in New York and afterwards in Providence. Much of his time will be devoted to talking of Arizona and the work which is being

ing carried on here by the church, the country and to getting funds for the maintenance of the St. Luke Home in which he was remarkably successful last summer. Part of his vacation will be spent at Winter Harbor, Me. Dr. Atwood's popularity extends both east and west and Phoenix people wish him success in his efforts this summer.

EXCURSION PROSPECTS.—General Agent Landis reports that the indications are that about 100 people from Phoenix will take advantage of the special excursion to Mexico on June 29th. A number who will go are prospective investors who will visit the section in and about Tepic on the west coast. A special representative of the West Coast Land company which has the sale of the lands in the country is expected in Phoenix in a few days to work up the business here. Locally the company is represented by the firm of Bishop and Hun. The excursion will be joined at Tucson by a number of people and by others at Benson and Bowie where the Globe crowd will embark.

A SCRAP ON WHEELS.—The police were called upon late yesterday afternoon to try to sort a tangle of Mexican women who had got tangled up in each other's hair with malice

afterthought and were giving an illustration of how prize fighters should conduct themselves if they really wanted to give an exhibition that was worth the money. The incident occurred in the south part of town and the marshal took along Ed Lightner's back and a cordon of back drivers to allow the disturbance. By judicious maneuvering the women were separated and one was bade into the hack and the other perched on the driver's seat. But they still kept fighting. When they could no longer reach each other they clawed the men next to them. One of them got her slip-like ankle stuck in a door of the hack and all but wrecked it off its hinges at the same time knocking her head out of the opposite door and reaching for a man on the driver's seat. She grabbed him by a rear pedal and he turned a flip-flop back into the dusty Camina Real. Fortunately there was nothing hurt but his pride and he resumed the fight which ended when the doughty Amazons were behind the bars.

THE BENSON WELL.—A report received by the board of control from Superintendent Mahoney of the Industrial school at Benson is that it was found unnecessary to start a new well on account of the broken casing as had been feared. By some process known to the driller, the bottom of the casing was cut off and blown out and an eight inch casing was put inside the ten inch casing. At the time of writing the casing was set and ready for further drilling. The well is down 300 feet and it is expected it will be determined very soon now whether artesian water is to be secured there or not.

DOWN FROM PRESCOTT.—Superintendent Story of the S. F. P. & P. was a visitor in the city yesterday on his usual rounds. He reports business as picking up along the line considerably during the past few months. Day

before yesterday was recorded as one of the windiest and most disagreeable days which the mountaineers have experienced for a long time, the wind blowing a terrific gale, charging on the wayfarers with volleys of sand and dust.

NEW NOTARY.—F. W. Volz of Canyon Diablo, Coconino county, has been appointed a notary public by Acting Governor Page.

INVITED TO DINE.—The Republican has received an invitation from the Douglas chamber of commerce and mines to its first annual dinner to be given at the Hotel Gadsden, Douglas, on May 25.

CHURCH DINNER.—A cafeteria dinner and supper will be served at the Central M. E. church, opposite the postoffice, Friday from 11:30 o'clock till 9 p. m. A delicious menu will be offered, including a variety to suit every taste and purse.

CALL FOR BANK STATEMENTS.—Stas Ely, territorial auditor, yesterday issued a call on territorial banks and building and loan associations for a statement showing the condition of those institutions at the close of business Mar. 14. That is the same date for which the comptroller has issued a call on the national banks so when the reports are all in a very good idea can be gained of the condition of the financial houses of the territory.

PRESENTED A PURSE.—Professor Blount, who has been the head of the Phoenix high school for thirteen years and who at the end of the present school year leaves not only Phoenix but also retires from the teaching profession has been presented by the high school students with a purse of gold to the amount of \$75 as a token of the high esteem in which he is held by them and the public as well as the appreciation of the efforts which he devoted to starting them along life's journey. The presentation was made by John Dunlap, the president of the senior class, with a few fitting remarks before the close of the session. It had been planned to give him an oak library table and chair but on account of his early departure for Los Angeles and the inconvenience of shipping, it was decided to present the gold instead. It was realized that whatever might be the nature of the token the spirit in which it was offered would be of intrinsically greater worth in the years to come. Professor Blount responded feelingly to the students and thanked them for this show of respect. Professor Blount will leave in June for Los Angeles where he will permanently reside.
